In October 2008, Cynthia became the Export Development Program Manager at Northern Tier. She has been with the agency for seven years in the Information Technology department.

Cynthia is knowledgeable in Export Documentation, Tariff Classification, and NAFTA Rules and Regulations. Her particular expertise is assisting businesses in utilizing the Internet to promote themselves internationally.

EXPORT ASSISTANCE SERVICES

Export assistance services available through the Northern Tier Planning & Development Commission include:

- Export readiness assessments
- Targeted market research and identification
- Counseling on product selection, international market entry strategy and international marketing plan development
- Technical assistance on a range of topics, including shipping, licensing, methods of payment, terms of sale and export pricing
- Educational opportunities including seminars and networking events
- Referrals for legal and financial assistance

ABOUT NTRPDC

NTRPDC is an economic development agency that provides a central point to access a broad spectrum of business assistance services.

In addition to export assistance, Northern Tier provides the region's businesses with low-interest business financing, e-commerce assistance, training grants, small business workshops, workforce development services, and technical assistance with obtaining government contracts.
